Amazing Range of Models at Stand No. 38

Coachwork to suit all needs—and fascinate even the most fastidious—plus the finest medium-powered chassis ever made—that's what Alvis represents—that's why you must not miss it at Olympia.

There are the astounding new Front Wheel Drive models—the 14/75 h.p. long chassis and the world-famous 12/50 h.p. 4-cyl. short chassis.

Five striking examples will be on the Alvis stand No. 38, and a further selection at Henlys' Depot, just opposite Olympia.

Incidentally, this depot has been specially taken to assist Alvis and Henly customers. Leave your coats and parcels there. Make your appointments. Use it to the utmost—there is no obligation: just an honest endeavour to give you a better and higher standard of service than is obtainable elsewhere.

Above all, get Henlys' price for your car in exchange, and get the benefit of Henlys' terms and vast facilities. It will pay you over and over again to buy your car from—

HENLYS

ENGLAND'S LEADING MOTOR AGENTS.

Headquarters: Henly House, 385-7, Euston Road, N.W.1.

Phone: Museum 7734/9. (Opposite Gt. Portland St. Station.) Branches: Devonshire House, Piccadilly, W.1, Gt. Portland Street, W.1, and Manchester, etc.
